## Racing League Formats

Individual Racer Leagues:

- Total of 30 race dates will be held, with 2 races available per driver on each date (total 60 races available in season)
- Minimum of 30 races must be completed, with best results from the minimum number counting in the standings, for example only top 30 race results will count even if competed in 60 races. Some make-up dates will also be scheduled during season.
- Race results must be submitted to Pit booth after each race. Point system will be used for each race and results & standings will be posted on Racing League Board at GPK, on website, and on [www.indoorkartingnews.com](http://www.indoorkartingnews.com), with points awarded as follows: 10-1st place, 8-2nd, 7-3rd, 6-4th, 5-5th, 4-6th, 3-7th, 2-8th, 1-9th  
+ bonus point for best lap in race  
+ 3 bonus points for competing in 24 races or 6 bonus points for competing in 30 races in the season
- Overall standings tie-break procedure is (1) most race wins, followed by (2) best lap of season amongst tied racers
- Races will start in a grid format, with each racer's start position reversed (as close as possible) for their next race based on previous race results, for example if driver finishes 1st place in Race 1, then they will begin in last position in Race 2
- Race positions will be randomized from week to week as fairly as possible
