

RACING LEAGUES

PENNZOIL JUNIOR RACE LEAGUE

Races will be run on Sunday mornings from 10:00 am to noon, commencing October 21/07, with the season ending April 6/08. Racers will compete in grid position for the F1-style start. Two age categories will be offered 10-12 and 13-15.

Entry fee \$69 (plus GST) includes:

- April 6/08 season ending banquet, featuring awards and trophies
- Pennzoil prize pack for every driver
- Chance at weekly race coupon prizes for best lap time, and most improved lap average

Race session fees are \$20 per race (tax included)

INTERSTATE BATTERY ADULT RACE LEAGUE

Races will be run on Monday evenings from 7:30 pm, commencing October 22/07, with the season ending April 7/08. Racers will compete in grid position for the F1-style start.

Entry fee \$99 (plus GST) includes:

- April 14/08 season ending banquet, featuring awards and trophies
- Interstate prize pack for every driver
- Chance at weekly race coupon prizes for best lap time, and most improved lap average

Race session fees are \$20 per race (tax included)

Sep 1/07

Racing League Formats

Individual Racer Leagues:

- Total of 16 race dates will be held, with 2 races available per driver on each date (total 32 races available in season)
- Minimum of 16 races must be completed, with best results from the minimum number counting in the standings, for example in top 16 race results will count even if competed in 24 races.
- Race results must be submitted to registration counter after each race. Point system will be used for each race and results & standings will be posted on Racing League Board at GPK and on website on daily basis, with points awarded as follows:
10-1st place, 8-2nd, 7-3rd, 6-4th, 5-5th, 4-6th, 3-7th, 2-8th, 1-9th
+ bonus point for best lap in race
+ 3 bonus points for competing in 20 races or 6 bonus points for competing in 24 races in the season
- Overall standings tie-break procedure is (1) most race wins, followed by (2) best lap of season amongst tied racers
- Races will start in a grid format, with each racer's start position reversed (as close as possible) for their next race based on previous race results, for example if driver finishes 1st place in Race 1, then they will begin in last position in Race 2
- Race positions will be randomized from week to week as fairly as possible
